WITH THE TALENTPORTAL, YOU WILL SAVE TIME AND MONEY AND MAKE YOUR SEARCH FOR TALENT AS ENJOYABLE AS IT SHOULD BE.

Who trusts us?

Plus many more

" The return on investment can be realised in just one day of using it. The TalentPortal allows us to advertise a vacancy within the same day of receiving it and has significantly reduced our fill time from 8-10 weeks to now 4-5 weeks. For our clients this is a much-improved service and for the college it offers many benefits both operationally and financially."

Tom Moran
Truro and Penwith College

" The quality of candidates on the TalentPortal Platform is exceptionally high and this really benefits the employer. That is what we are all about- delivering a good quality, robust service to employers and I find that GetMyFirstJob is the best vehicle for us to do the best job we can."

Key6 Group

"The system has helped me manage my Apprenticeship vacancies from beginning to end. The vacancies are easy to add to the system, advertise and the shortlisting candidates feature enables me to filter and source the candidates I want to find to fill my vacancies. I find I can structure the recruitment process a lot better – the system is easy to use and very clear. I know exactly which candidates need to be contacted and which candidates I have contacted in the past and can organise candidate interviews and contact effectively."

Candidate Data

We take inclusion seriously. Working with Nesta, we concluded a review of our dataset in comparison to both national population and apprenticeship starts. The results speak for themselves.

We have the ability to get your message to the most diverse candidate groups.

How do we do this? By engaging with a wide range of outstanding youth engagement organisations as well as schools & careers advisers. This network provides unique access to today's young people.
